CHAIRMAN'S LETTER

For personal use only

Dear Shareholders,

FY26 was a disappointing year for RPM Automotive Group.

The financial result reflects both challenging market conditions and a number of operational and business issues that required attention across the Group. While the outcome was not what the Board expected, the year also provided an opportunity for the Board and management to step back, reassess the business and develop a clearer understanding of its strengths, challenges and future opportunities.

Over recent months, the Board has worked closely with management as the Group undertook a comprehensive review of its businesses, operations and financial performance. That process has provided greater clarity around where RPM creates value, where improvement is required and where future management attention should be directed.

Importantly, the Board believes RPM retains a solid foundation from which to improve performance and create long-term value. The review reinforced the quality of the Group's businesses, recognised brands and established customer relationships. The challenge now is ensuring capital, resources and management attention are directed towards those opportunities capable of generating the strongest long-term returns.

During the year, management commenced a number of initiatives designed to improve financial discipline, strengthen working capital management, improve accountability and address underperforming activities. Difficult decisions have already been taken, including the closure of identified underperforming operations and a deliberate pause in acquisition activity while management focuses on improving returns from the existing portfolio.

To guide decision-making, the Group adopted a simple framework:

STABILISE → RESTRUCTURE → REBUILD → GROW

This framework continues to underpin the approach being taken by the Board and management as RPM moves into its next phase.

CHAIRMAN'S LETTER (cont.)

For personal use only

Looking ahead, FY27 is expected to be a transition year. The Board's focus remains on improving cash generation, strengthening returns, maintaining disciplined capital allocation and supporting management in the execution of the initiatives already underway.

The Board recognises that improvement will take time and that challenges remain. However, we believe RPM now has greater visibility, clearer priorities and a more disciplined framework for decision-making and execution than existed twelve months ago.

We also believe many of the levers available to improve performance remain within management's control. Stronger execution, improved cash conversion, better capital allocation and more disciplined operating practices all provide opportunities to strengthen the business and create long-term value for shareholders.

On behalf of the Board, I would like to thank our employees, customers, suppliers, shareholders and financing partners for their continued support throughout this period of change.

We remain focused on building a stronger, more resilient and more valuable business for the long term.

Lawrence Jaffe
Chairman,
RPM Automotive Group

CEO'S LETTER

For personal use only

Dear Shareholders

From Assessment to Action

FY26 was a challenging year for RPM Automotive Group and highlighted areas where operational and financial performance need to improve.

During the second half, management undertook a detailed review of the Group's businesses and operations. This work identified opportunities to improve profitability, cash generation, inventory efficiency and execution, while providing a clearer understanding of where management attention and resources should be focused.

Our approach is guided by:

STABILISE → RESTRUCTURE → REBUILD → GROW

Strengthening Performance

During FY26, we increased our focus on cash generation, working capital, inventory management, cost control and accountability across the Group. Reporting and forecasting were strengthened to improve visibility of performance and support more disciplined decision-making.

We also reviewed individual businesses and operations, taking action where performance and returns were not acceptable. This included addressing underperforming operations and strengthening management accountability and operational oversight.

The Tyre division remains a key area of focus. Management has reviewed product strategy, supplier relationships, purchasing, inventory management and commercial execution, with initiatives underway to improve margins, inventory productivity, cash generation and returns.

Importantly, our focus is not simply on reducing costs. We are working to improve the quality of earnings, strengthen cash conversion and ensure RPM makes better use of its existing scale, brands, customer relationships and invested capital.

CEO'S LETTER (cont.)

For personal use only

Looking Forward

FY27 will be a year of continued execution. Our priorities are to improve profitability and cash generation, strengthen working capital and inventory efficiency, increase accountability and operational discipline, and improve returns across the portfolio.

We recognise that improvement will take time, but many of the opportunities identified are within our control and can be addressed through stronger execution and more disciplined management.

RPM has established businesses, recognised brands, strong customer relationships and a platform from which to improve performance and pursue future growth.

Our focus remains:

STABILISE → RESTRUCTURE → REBUILD → GROW

I would like to thank our employees, customers, suppliers, shareholders and financing partners for their continued support as we work to build a stronger and more resilient RPM.

Clive Finkelstein
Interim Chief Executive Officer,
RPM Automotive Group

THE RPM GROUP

OPERATIONS REVIEW

A review of the year for each division is as follows:

Motorsport

The Motorsport division continued to strengthen its position as a leading supplier of motorsport apparel, safety products and accessories. Despite softer discretionary spending, the division delivered revenue growth and remained profitable, supported by recognised brands, strong customer relationships and an established market position. For the year ended 30 June 2026, Gross Sales were $9.5 million (2025: $8.9 million) and underlying EBITDA was $0.8 million (2025: $1.2 million).

Repairs and Roadside (Retail Tyre Division)

Repairs & Roadside experienced challenging trading conditions during FY26, with softer consumer demand and increased competition impacting performance. Management reviewed site performance and profitability during the year, resulting in actions to address underperforming operations and improve operating efficiency and returns. Gross Sales were $38.0 million (2025: $39.6 million) and underlying EBITDA was a loss of $1.1 million (2025: profit of $0.8 million).

Wheels and Tyres (Wholesale Tyre Division)

Wheels & Tyres experienced a difficult FY26, with increased competition and pricing pressure contributing to lower revenue and profitability. Management undertook a detailed review of product strategy, supplier arrangements, purchasing and inventory management, with actions focused on improving margins, inventory productivity and commercial disciplines. Gross Sales were $35.9 million (2025: $45.9 million) and underlying EBITDA was a loss of $0.9 million (2025: profit of $4.5 million).

Performance and Accessories

Performance & Accessories remained a positive contributor to Group earnings during FY26, supported by established brands, customer relationships and market position. Revenue remained broadly consistent with the prior year, while profitability was lower, with management focused on strengthening margins and operational performance. Gross Sales were $17.4 million (2025: $17.7 million) and underlying EBITDA was $2.4 million (2025: $4.3 million).

DIRECTORS' REPORT

For personal use only

Your Directors present their report on RPM Automotive Group Limited ("RPM" or "the Company") and its controlled entities ("the Group") for the year ended 30 June 2026.

DIRECTORS

The names of the Directors of the Company in office during the financial year and up to the date of this report were as follows. Directors were in office for the entire year unless specified otherwise.

Lawrence Jaffe
Clive Finkelstein - resigned 7 August 2026
Grant Carman
Kevin Berkowitz

INFORMATION ON CURRENT DIRECTORS

Lawrence Jaffe (appointed 28 August 2019)

Lawrence is a co-founder and promoter of the RPM Group. Lawrence has a strong financial background having worked on many mergers and acquisitions. He has over 20 years' experience in the automotive sector and was the CEO of RPM Australasia until 2015 when the group sold off its largest subsidiaries to Metcash and a family office. Lawrence is a significant shareholder in the RPM Group. Lawrence is Chairman of the RPM Automotive Group Limited.

Mr. Jaffe currently holds no other listed company directorships. In the past three years Mr Jaffe was a director of the following listed companies: Close the Loop (ASX: CLG) from 2 December 2021 to June 2025.

Clive Finkelstein (appointed 28 August 2019, resigned 7 August 2026)

Clive is a co-founder and promoter of the RPM Group. Clive has over 25 years' experience in the automotive sector, having built, managed and sold a successful 4WD franchise group. Clive's experience spans manufacturing, development, wholesale, retail and franchising of automotive businesses. Clive is the CEO/Managing Director of the RPM Automotive Group Limited.

During the past three years, Mr Finkelstein has held no other listed company directorships.

DIRECTORS' REPORT (cont.)

For personal use only

Grant Carman (appointed 25 November 2019)

Grant Carman is a chartered accountant with over 30 years' experience in corporate finance and the Australian Capital Markets.

Grant has held senior executive positions for and acted as a corporate adviser to a large number of Australian and international companies from a range of industry sectors, including financial services, automotive, pharmaceuticals, wholesale distribution, manufacturing, services, resources, technology and telecommunications.

Grant has a broad range of experience which includes corporate strategy, mergers & acquisitions, business divestments, corporate restructuring, debt & equity raising and refinancing, corporate valuations, corporate governance and risk management.

During the past three years Mr Carman was a director of the following listed companies: Close the Loop (ASX: CLG) from 2 December 2021 to present.

Kevin Berkowitz (appointed 13 June 2025)

Kevin is a highly accomplished businessman with a proven record in building and scaling successful enterprises. He founded and led his own company, growing it over two decades into a multi-million-dollar market leader before its acquisition by a private equity group.

As an entrepreneur and investor, Kevin maintains a diverse portfolio of business interests across multiple sectors. He is a director of Zagga and several other companies, bringing extensive commercial experience, strategic insight, and strong leadership skills. At Zagga, he also serves as chair of the investment committee and a member of the credit risk committee.

COMPANY SECRETARY

Wayne John Kernaghan BBus, CA ANZ, FAICD, ACIS

Mr Kernaghan is a member of the Chartered Accountants Australia and New Zealand with a number of years' experience in various areas of the mining industry. He is also a Fellow of the Australian Institute of Company Directors.

DIRECTORS' REPORT (cont.)

DIRECTORS' REPORT (cont.)

For personal use only

REMUNERATION REPORT (AUDITED)

This report outlines the remuneration arrangements for Directors and Executives of RPM Automotive Group Limited. The information provided in the remuneration report includes remuneration disclosures that are audited as required by section 308(3C) of the Corporations Act 2001.

For the purposes of this report Key Management Personnel of the Group are defined as those persons having authority and responsibility for planning, directing, and controlling the major activities of the group, directly or indirectly, including any director (whether executive or otherwise) of the parent company.

For the purposes of this report the term "Executive" includes those key management personnel who are not Directors of the parent company.

A. Remuneration Committee

The full Board carries out the role and responsibilities of the Remuneration Committee and is responsible for determining and reviewing the compensation arrangements for the Directors themselves, the Managing Director and any Executives.

Executive remuneration is reviewed annually having regard to individual and business performance, relevant comparative remuneration and internal and independent external advice.

B. Remuneration policy

The board policy is to remunerate Directors at market rates for time, commitment, and responsibilities. The board determines payments to the Directors and reviews their remuneration annually, based on market practice, duties and accountability. Independent external advice is sought when required. The maximum aggregate amount of Directors' fees that can be paid is subject to approval by shareholders in general meeting, from time to time. The Company's aim is to remunerate at a level that will attract and retain high-calibre Directors and employees.

Fees for Non-Executive Directors are not linked to the performance of the consolidated entity. However, to align Directors' interests with shareholders' interests, the Directors are encouraged to hold shares in the Company.

All remuneration paid to directors is valued at the cost to the Company and expensed.

The Board believes that it has implemented suitable practices and procedures that are appropriate for an organisation of this size and maturity.

The Company did not pay any performance-based component of remuneration during the year.

DIRECTORS' REPORT (cont.)

C. Remuneration structure

In accordance with best practice corporate governance, the structure of Non-Executive Director compensation is separate and distinct.

Non-Executive Director Compensation

Objective

The Board seeks to set aggregate compensation at a level that provides the Company with the ability to attract and retain Directors of the highest calibre, whilst incurring a cost that is acceptable to shareholders.

Structure

The Constitution and the ASX Listing Rules specify that the aggregate compensation of Non-Executive Directors shall be determined from time to time by a general meeting. An amount not exceeding the amount determined is then divided between the Directors as agreed. The latest determination was at the Annual General Meeting held in November 2021 when shareholders approved an aggregate compensation of $500,000 per year.

The amount of aggregate compensation sought to be approved by shareholders and the manner in which it is apportioned amongst Directors is reviewed annually. The Board may consider advice from external consultants as well as the fees paid to Non-Executive Directors of comparable companies when undertaking the annual review process. Non-Executive Directors' remuneration may include an incentive portion consisting of options, as considered appropriate by the Board, which may be subject to shareholder approval in accordance with ASX listing rules. The Board is of the view that options are a cost effective benefit for small companies such as RPM that seek to conserve cash reserves. They also provide an incentive that ultimately benefits both shareholders and the option holder, as option holders will only benefit if the market value of the underlying shares exceeds the option strike price. Ultimately, shareholders will make that determination.

Separate from their duties as Directors, the Non-Executive Directors may undertake work for the Company directly related to the evaluation and implementation of various business opportunities, for which they receive a daily rate. These payments are made pursuant to consultancy arrangements entered into by the Non-Executive Directors with the Company and are not taken into account when determining their aggregate remuneration levels.

For personal use only

DIRECTORS' REPORT (cont.)

For personal use only

Executive Compensation

Objective

The entity aims to reward Executives with a level and mix of compensation commensurate with their position and responsibilities within the entity so as to:

- reward executives for company and individual performance against targets set by appropriate benchmarks;
- align the interests of executives with those of shareholders;
- link rewards with the strategic goals and performance of the company; and
- ensure total compensation is competitive by market standards.

Structure

In determining the level and make-up of Executive remuneration, the Board negotiates a remuneration to reflect the market salary for a position and individual of comparable responsibility and experience. Due to the limited size of the Company and of its operations and financial affairs, the use of a separate remuneration committee is not considered appropriate. Remuneration is regularly compared with the external market by participation in industry salary surveys and during recruitment activities generally. If required, the Board may engage an external consultant to provide independent advice in the form of a written report detailing market levels of remuneration for comparable Executive roles.

The Company's executives during the year ended 30 June 2026 were the Chief Executive Officer, Chief Commercial Officer, Chief Financial Officer and Company Secretary, all of whom received fixed remuneration.

Fixed Remuneration

The level of fixed remuneration is set so as to provide a base level of remuneration which is both appropriate to the position and is competitive in the market. Fixed remuneration is reviewed annually by the Board having regard to the Company and individual performance, relevant comparable remuneration in the tyre wholesale industry and external advice.

The fixed remuneration is a base salary or monthly consulting fee.

D. Service agreements

There are no formal service agreements with the Non-Executive Chairman or Non-Executive Directors. On appointment to the Board, all Directors receive a letter of appointment that summarises Board policies and terms, which mirror those set out within the Corporations Act 2001 relevant to the office of Director.

DIRECTORS' REPORT (cont.)

E. Company performance

In determining Key Management Personnel remuneration, the Board takes note of the following measures of company performance in respect of the current and previous four financial years.

	2026	2025	2024	2023	2022
Profit/(Loss) after tax (A$'000)	**(12,022)**	1,665	4,404	1,231	2,655
Closing share price (A$)	**0.017**	0.067	0.071	0.091	0.260

F. Details of remuneration for year

Details of Key Management Personnel are set out below.

Directors

Lawrence Jaffe	Chairman - appointed 28 August 2019
Clive Finkelstein	CCO / Executive Director - appointed 28 August 2019, Resigned 7 August 2026
Grant Carman	Non-Executive Director - appointed 25 November 2019
Kevin Berkowitz	Non-Executive Director - appointed 3 June 2025

*C Finkelstein resigned as director on 7 August 2026.

*G Nicholls resigned as director on 10 September 2024.

DIRECTORS' REPORT (cont.)

G. Compensation Options Issued to Key Management Personnel

No options were granted as equity compensation benefits to Key Management Personnel during the year ended 30 June 2026.

H. Shares Issued to Key Management Personnel on Exercise of Compensation Options

No key management personnel exercised options during the years ended 30 June 2026.

I. Option holdings of Key Management Personnel

There were nil options held by Key Management Personnel.

Share holdings of Key Management Personnel

Name	Balance at 30 June 2025	Change due to appointment / (resignation)	Net Change Other	Balance at 30 June 2026
L Jaffe	35,617,595		(529,291)	35,088,304
C Finkelstein	36,633,135		(663,536)	35,969,599
G Carman	1,671,428		634,920	2,306,348
K Berkowitz	5,950,001		932,540	6,882,541
Total	79,872,159	-	374,633	80,246,792

*C Finkelstein resigned as director on 7 August 2026

J. Other transactions and balances with Key Management Personnel

There were no other transactions and balances with key management personnel. This concludes the Remuneration Report.

SHARES UNDER OPTION

At the date of this report the Company had nil listed options on issue over unissued ordinary shares.

During the year nil fully paid ordinary shares were issued by virtue of the exercise of options. Since the end of the financial year nil shares have been issued by virtue of the exercise of options.

For personal use only

DIRECTORS' REPORT (cont.)

For personal use only

ENVIRONMENTAL REGULATIONS

The Group's environmental obligations are regulated under both State and Federal law. All environmental performance obligations are monitored by the Board and subjected from time to time to Government agency audits and site inspections. The Company has a policy of at least complying with, but in most cases exceeding, its statutory environmental performance obligations. No environmental breaches have occurred or have been notified by any Government agencies during the year ended 30 June 2026 or subsequent to year end.

CORPORATE GOVERNANCE

In recognising the need for the highest standards of corporate behaviour and accountability, the Directors of RPM Automotive Group Limited support and have adhered to the principles of corporate governance and have established a set of policies and manuals for the purpose of managing corporate governance. The Company's detailed corporate governance policy statement is available on the corporate website (https://rpmgroup.net.au/corporate-governance/).

INSURANCE OF OFFICERS

The Company now holds insurance covering Directors and Officers of the Company against any liability arising from a claim brought by a third party against its Directors and Officers, or against liabilities for costs and expenses incurred by them in defending any legal proceedings arising out of their conduct while acting in their capacity as a Director or Officer of the Company, other than conduct involving a wilful breach of duty in relation to the Company.

NON-AUDIT SERVICES

Details of the amounts paid or payable for non-audit services provided during the financial year by the auditor are outlined in Note 24 to the financial statements.

The Directors are satisfied that the provision of non-audit services during the financial year by the auditor (or by another person or firm on the auditor's behalf) is compatible with the general standard of independence for auditors imposed by the Corporations Act 2001.

The Directors are of the opinion that the services as disclosed in Note 24 to the financial statements do not compromise the external auditor's independence requirements of the Corporations Act 2001 for the following reasons:

- All non-audit services have been reviewed and approved to ensure they do not impact the integrity and objectivity of the auditor: and
- none of the services undermine the general principles relating to auditor independence as set out in APES 110 Code of Ethics for Professional Accountants issued by the Accounting Professional and Ethical Standards Board, including reviewing or auditing the auditor's own work, acting in a management or decision-making capacity for the company, acting as advocate for the company or jointly sharing economic risks and rewards

DIRECTORS' REPORT (cont.)

AUDITOR'S INDEPENDENCE DECLARATION

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out immediately after this directors' report.

This report is made in accordance with a resolution of directors, pursuant to section 298(2)(a) of the Corporations Act 2001. For and on behalf of the Board.

NOTES TO THE FINANCIAL STATEMENTS

Corporate Information

The financial report of RPM Automotive Group Limited ("RPM" or "the Company") and its subsidiaries ("the Group") for the year ended 30 June 2026 was authorised for issue in accordance with a resolution of the Directors on 28 September 2026. The Directors have the power to amend and reissue the financial statements.

RPM is a company limited by shares incorporated in Australia. Its shares are publicly traded on the Australian Securities Exchange. The nature of the operations and principal activities of the Group are described in the Directors' Report.

1. Summary of Material Accounting Policy Information

Basis of Presentation

These general purpose consolidated financial statements have been prepared in accordance with the Corporations Act 2001, Australian Accounting Standards and Interpretations of the Australian Accounting Standards Board and in compliance with International Financial Reporting Standards as issued by the International Accounting Standards Board. The Group is a for-profit entity for financial reporting purposes under Australian Accounting Standards. Material accounting policies adopted in the preparation of these financial statements are presented below and have been consistently applied unless stated otherwise. Except for cash flow information, the financial statements have been prepared on an accrual basis and are based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

The financial report is presented in Australian dollars rounded to the nearest $1.

For personal use only

NOTES TO THE FINANCIAL STATEMENTS (cont.)

Accounting Policies

The following accounting policies and methods of computation have been followed in this financial report.

A. Principles of Consolidation

The consolidated financial statements incorporate all of the assets, liabilities and results of the Parent RPM Automotive Group Limited and all of the subsidiaries (including any structured entities). Subsidiaries are entities the Parent controls. The Parent controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity.

The assets, liabilities and results of all subsidiaries are fully consolidated into the financial statements of the Group from the date on which control is obtained by the Group. The consolidation of a subsidiary is discontinued from the date that control ceases. Intercompany transactions, balances and unrealised gains or losses on transactions between Group entities are fully eliminated on consolidation. Accounting policies of subsidiaries have been changed and adjustments made where necessary to ensure uniformity of the accounting policies adopted by the Group.

The Consolidated Entity has adopted all new and amended Australian Accounting Standards and AASB interpretations, which were applicable as of 1 July 2025. Adoption of other new and amended Australian Accounting Standards and AASB interpretations did not have any effect on the financial position or performance of the Consolidated Entity.

The Consolidated Entity has not elected to early adopt any new standards or amendments.

NOTES TO THE FINANCIAL STATEMENTS (cont.)

For personal use only

B. Business combinations

Business combinations occur where an acquirer obtains control over one or more businesses.

A business combination is accounted for by applying the acquisition method, unless it is a combination involving entities or businesses under common control. The business combination will be accounted for from the date that control is obtained, whereby the fair value of the identifiable assets acquired and liabilities (including contingent liabilities) assumed is recognised (subject to certain limited exemptions).

When measuring the consideration transferred in the business combination, any asset or liability resulting from a contingent consideration arrangement is also included. Subsequent to initial recognition, contingent consideration classified as equity is not remeasured and its subsequent settlement is accounted for within equity. Contingent consideration classified as an asset or liability is remeasured in each reporting period to fair value, recognising any change to fair value in profit or loss, unless the change in value can be identified as existing at acquisition date.

All transaction costs incurred in relation to business combinations, other than those associated with the issue of a financial instrument, are recognised as expenses in profit or loss when incurred.

The acquisition of a business may result in the recognition of goodwill or a gain from a bargain purchase.

C. Goodwill

Goodwill is carried at cost less any accumulated impairment losses. Goodwill is calculated as the excess of the sum of:

(i) the consideration transferred at fair value;

(ii) any non-controlling interest (determined under either the fair value or proportionate interest method); and

(iii) the acquisition date fair value of any previously held equity interest; over the acquisition date fair value of any identifiable assets acquired and liabilities assumed.

The acquisition date fair value of the consideration transferred for a business combination plus the acquisition date fair value of any previously held equity interest shall form the cost of the investment in the separate financial statements.

Goodwill is tested for impairment annually and is allocated to the Group's cash-generating units or groups of cash-generating units, representing the lowest level at which goodwill is monitored and not larger than an operating segment. Gains and losses on the disposal of an entity include the carrying amount of goodwill related to the entity disposed of.

NOTES TO THE FINANCIAL STATEMENTS (cont.)

For personal use only

D. Income Tax

The income tax expense (income) for the year comprises current income tax expense (income) and deferred tax expense (income).

Current income tax expense charged to profit or loss is the tax payable on taxable income for the current period. Current tax liabilities (assets) are measured at the amounts expected to be paid to (recovered from) the relevant taxation authority using tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax expense reflects movements in deferred tax asset and deferred tax liability balances during the year.

A deferred tax liability shall be recognised for all taxable temporary differences, except to the extent that the deferred tax liability arises from: (a) the initial recognition of goodwill; or (b) the initial recognition of an asset or liability in a transaction which: (i) is not a business combination; and (ii) at the time of the transaction, affects neither accounting profit nor taxable profit (tax loss).

Deferred tax assets relating to temporary differences and unused tax losses are recognised only to the extent that it is probable that future taxable profit will be available against which the benefits of the deferred tax asset can be utilised, unless the deferred tax asset relating to temporary differences arises from the initial recognition of an asset or liability in a transaction that:

- is not a business combination; and
- at the time of the transaction, affects neither accounting profit nor taxable profit (tax loss).

E. Fair Value of Assets and Liabilities

The Group measures some of its assets and liabilities at fair value on either a recurring or non-recurring basis, depending on the requirements of the applicable Accounting Standard.

Fair value is the price the Group would receive to sell an asset or would have to pay to transfer a liability in an orderly (ie unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

NOTES TO THE FINANCIAL STATEMENTS (cont.)

For personal use only

F. Inventories

Inventories are measured at the lower of cost and net realisable value. The cost of manufactured products includes direct materials, direct labour and an appropriate proportion of variable and fixed overheads. Overheads are applied on the basis of normal operating capacity. Costs are assigned on the basis of weighted average costs or first in first out.

G. Plant and Equipment

Plant and equipment are measured on the cost basis and therefore carried at cost less accumulated depreciation and any accumulated impairment. In the event the carrying amount of plant and equipment is greater than the estimated recoverable amount, the carrying amount is written down immediately to the estimated recoverable amount and impairment losses are recognised in profit or loss. A formal assessment of recoverable amount is made when impairment indicators are present.

The carrying amount of plant and equipment is reviewed annually by directors to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the asset's employment and subsequent disposal. The expected net cash flows have been discounted to their present values in determining recoverable amounts.

H. Depreciation

The depreciable amount of all fixed assets including buildings and capitalised leased assets, but excluding freehold land, is depreciated on a straight-line basis over the asset's useful life to the Consolidated Group commencing from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

Memorabilia assets are not depreciated and held based on directors' valuation. The depreciation rates used for each class of depreciable assets are:

Class of Fixed Asset	Depreciation Rate
Leasehold improvements	10-50%
Plant and equipment	5–20%
Motor vehicles	20%

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

NOTES TO THE FINANCIAL STATEMENTS (cont.)

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are recognised in profit or loss in the period in which they arise. Gains shall not be classified as revenue. When revalued assets are sold, amounts included in the revaluation surplus relating to that asset are transferred to retained earnings.

I. Leases

The Group as lessee

At inception of a contract, the Group assesses if the contract contains or is a lease. If there is a lease present, a right-of-use asset and a corresponding lease liability are recognised by the Group where the Group is a lessee. However, all contracts that are classified as short-term leases (i.e. a lease with a remaining lease term of 12 months or less) and leases of low-value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

Initially the lease liability is measured at the present value of the lease payments still to be paid at the commencement date. The lease payments are discounted at the interest rate implicit in the lease. If this rate cannot be readily determined, the Group uses the incremental borrowing rate.

Lease payments included in the measurement of the lease liability are as follows:

- fixed lease payments less any lease incentives;
- variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date;
- the amount expected to be payable by the lessee under residual value guarantees;
- the exercise price of purchase options, if the lessee is reasonably certain to exercise the options;
- lease payments under extension options, if the lessee is reasonably certain to exercise the options; and
- payments of penalties for terminating the lease, if the lease term reflects the exercise of an option to terminate the lease.

The right-of-use assets comprise the initial measurement of the corresponding lease liability, any lease payments made at or before the commencement date and any initial direct costs. The subsequent measurement of the right-of-use assets is at cost less accumulated depreciation and impairment losses. Right-of-use assets are depreciated over the lease term or useful life of the underlying asset, whichever is the shortest.

Where a lease transfers ownership of the underlying asset or the cost of the right-of-use asset reflects that the Group anticipates to exercise a purchase option, the specific asset is depreciated over the useful life of the underlying asset.

For personal use only

NOTES TO THE FINANCIAL STATEMENTS (cont.)

For personal use only

Application of AASB 16: Leases

The Group has recognised a lease liability and right-of-use asset for all leases (with the exception of short-term and low-value leases) recognised as operating leases under AASB 117: Leases where the Group is the lessee.

Lease liabilities are measured at the present value of the remaining lease payments. The Group's incremental borrowing rate as at 30 June 2026 was used to discount the lease payments.

The following practical expedients have been used by the Group in applying AASB 16:

- For a portfolio of leases that have reasonably similar characteristics, a single discount rate has been applied.
- Leases that have remaining lease term of less than 12 months as at 30 June 2026 have been accounted for in the same way as short-term leases.
- The use of hindsight to determine lease terms on contracts that have options to extend or terminate.
- Applying AASB 16 to leases previously identified as leases under AASB 117: Leases and Interpretation 4: *Determining whether an arrangement contains a lease* without reassessing whether they are, or contain, a lease at the date of initial application.
- Not applying AASB 16 to leases previously not identified as containing a lease under AASB 117 and Interpretation 4.

The Group's weighted average incremental borrowing rate on 30 June 2026 applied to the lease liabilities was 4.4% p.a.

J. Financial Instruments

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions to the instrument. For financial assets, this is the date that the Group commits itself to either the purchase or sale of the asset (ie trade date accounting is adopted).

Financial instruments (except for trade receivables) are initially measured at fair value plus transaction costs, except where the instrument is classified "at fair value through profit or loss", in which case transaction costs are expensed to profit or loss immediately. Where available, quoted prices in an active market are used to determine fair value. In other circumstances, valuation techniques are adopted.

Trade receivables are initially measured at the transaction price if the trade receivables do not contain a significant financing component or if the practical expedient was applied as specified in AASB 15.63.

NOTES TO THE FINANCIAL STATEMENTS (cont.)

For personal use only

Classification and subsequent measurement

Financial liabilities

Financial instruments are subsequently measured at:

- amortised cost; or
- fair value through profit or loss.

A financial liability is measured at fair value through profit and loss if the financial liability is:

- a contingent consideration of an acquirer in a business combination to which AASB 3: Business Combinations applies;
- held for trading; or
- initially designated as at fair value through profit or loss.

All other financial liabilities are subsequently measured at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest expense in profit or loss over the relevant period. The effective interest rate is the internal rate of return of the financial asset or liability. That is, it is the rate that exactly discounts the estimated future cash flows through the expected life of the instrument to the net carrying amount at initial recognition.

A financial liability is held for trading if:

- it is incurred for the purpose of repurchasing or repaying in the near term;
- part of a portfolio where there is an actual pattern of short-term profit taking; or

Any gains or losses arising on changes in fair value are recognised in profit or loss to the extent that they are not part of a designated hedging relationship are recognised in profit or loss.

The change in fair value of the financial liability attributable to changes in the issuer's credit risk is taken to other comprehensive income and are not subsequently reclassified to profit or loss. Instead, they are transferred to retained earnings upon de-recognition of the financial liability. If taking the change in credit risk in other comprehensive income enlarges or creates an accounting mismatch, then these gains or losses should be taken to profit or loss rather than other comprehensive income.

A financial liability cannot be reclassified.

NOTES TO THE FINANCIAL STATEMENTS (cont.)

For personal use only

Financial assets

Financial assets are subsequently measured at:

- amortised cost;
- fair value through other comprehensive income; or
- fair value through profit or loss. Measurement is on the basis of two primary criteria:
- the contractual cash flow characteristics of the financial asset; and
- the business model for managing the financial assets.

A financial asset that meets the following conditions is subsequently measured at amortised cost:

- the financial asset is managed solely to collect contractual cash flows; and
- the contractual terms within the financial asset give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding on specified dates.

A financial asset that meets the following conditions is subsequently measured at fair value through other comprehensive income:

- the contractual terms within the financial asset give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding on specified dates; and
- the business model for managing the financial assets comprises both contractual cash flows collection and the selling of the financial asset.

By default, all other financial assets that do not meet the measurement conditions of amortised cost and fair value through other comprehensive income are subsequently measured at fair value through profit or loss.

The Group initially designates a financial instrument as measured at fair value through profit or loss if:

- it eliminates or significantly reduces a measurement or recognition inconsistency (often referred to as “accounting mismatch”) that would otherwise arise from measuring assets or liabilities or recognising the gains and losses on them on different bases;
- it is in accordance with the documented risk management or investment strategy, and information about the groupings was documented appropriately, so that the performance of the financial liability that was part of a group of financial liabilities or financial assets can be managed and evaluated consistently on a fair value basis;
- it is a hybrid contract that contains an embedded derivative that significantly modifies the cash flows otherwise required by the contract.

The initial designation of the financial instruments to measure at fair value through profit or loss is a one-time option on initial classification and is irrevocable until the financial asset is derecognised.

Regular way purchases and sales of financial assets are recognised and derecognised at settlement date in accordance with the Group’s accounting policy.

NOTES TO THE FINANCIAL STATEMENTS (cont.)

For personal use only

De-recognition

De-recognition refers to the removal of a previously recognised financial asset or financial liability from the statement of financial position.

De-recognition of financial liabilities

A liability is derecognised when it is extinguished (ie when the obligation in the contract is discharged, cancelled or expires). An exchange of an existing financial liability for a new one with substantially modified terms, or a substantial modification to the terms of a financial liability is treated as an extinguishment of the existing liability and recognition of a new financial liability.

The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

De-recognition of financial assets

A financial asset is derecognised when the holder's contractual rights to its cash flows expires, or the asset is transferred in such a way that all the risks and rewards of ownership are substantially transferred.

All of the following criteria need to be satisfied for de-recognition of financial asset:

- the right to receive cash flows from the asset has expired or been transferred;
- all risk and rewards of ownership of the asset have been substantially transferred; and
- the Group no longer controls the asset (ie the Group has no practical ability to make a unilateral decision to sell the asset to a third party).

On de-recognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss. On de-recognition of a debt instrument classified as at fair value through other comprehensive income, the cumulative gain or loss previously accumulated in the investment revaluation reserve is reclassified to profit or loss.

On de-recognition of an investment in equity which was elected to be classified under fair value through other comprehensive income, the cumulative gain or loss previously accumulated in the investment revaluation reserve is not reclassified to profit or loss, but is transferred to retained earnings.

NOTES TO THE FINANCIAL STATEMENTS (cont.)

For personal use only

Impairment

The Group recognises a loss allowance for expected credit losses on:

- financial assets that are measured at amortised cost or fair value through other comprehensive income;
- loan commitments that are not measured at fair value through profit or loss; and
- financial guarantee contracts that are not measured at fair value through profit or loss.

Loss allowance is not recognised for:

- financial assets measured at fair value through profit or loss; or
- equity instruments measured at fair value through other comprehensive income.

Expected credit losses are the probability-weighted estimate of credit losses over the expected life of a financial instrument. A credit loss is the difference between all contractual cash flows that are due and all cashflows expected to be received, all discounted at the original effective interest rate of the financial instrument.

The Group uses the following approaches to impairment, as applicable under AASB 9: Financial Instruments:

- the simplified approach

Simplified Approach

The simplified approach does not require tracking of charges in credit risk at every reporting period, but instead requires the recognition of lifetime expected credit loss at all times. This approach is applicable to:

- trade receivables or contract assets that result from transactions within the scope of AASB 15 : Revenue from Contracts with Customers and which do not contain a significant financing component; and

In measuring the expected credit loss, a provision matrix for trade receivables was used taking into consideration various data to get to an expected credit loss (ie diversity of customer base, appropriate groupings of historical loss experience, etc).

Recognition of expected credit losses in financial statements

- At each reporting date, the Group recognises the movement in the loss allowance as an impairment gain or loss in the statement of profit or loss and other comprehensive income.
- The carrying amount of financial assets measured at amortised cost includes the loss allowance relating to that asset.
- Assets measured at fair value through other comprehensive income are recognised at fair value, with changes in fair value recognised in other comprehensive income. Amounts in relation to change in credit risk are transferred from other comprehensive income to profit or loss at every reporting period.

For financial assets that are unrecognised (eg loan commitments yet to be drawn, financial guarantees), a provision for loss allowance is created in the statement of financial position to recognise the loss allowance.

NOTES TO THE FINANCIAL STATEMENTS (cont.)

For personal use only

K. Impairment of Assets

At the end of each reporting period, the Group assesses whether there is any indication that an asset may be impaired. If such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs of disposal and value in use, to the asset's carrying amount. Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (eg. in accordance with the revaluation model in AASB 116 : Property, Plant and Equipment). Any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. Impairment testing is performed annually for goodwill, intangible assets with indefinite lives and intangible assets not yet available for use.

When an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

L. Foreign Currency Transactions and Balances

Functional and presentation currency

The functional currency of each of the Group's entities is the currency of the primary economic environment in which that entity operates. The consolidated financial statements are presented in Australian dollars, which is the functional currency of all the entities in the group.

Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the date of the transaction. Foreign currency monetary items are translated at the year-end exchange rate. Non-monetary items measured at historical cost continue to be carried at the exchange rate at the date of the transaction. Non-monetary items measured at fair value are reported at the exchange rate at the date when fair values were determined.

Exchange differences arising on the translation of monetary items are recognised in profit or loss, except exchange differences that arise from net investment hedges.

NOTES TO THE FINANCIAL STATEMENTS (cont.)

Exchange differences arising on the translation of non-monetary items are recognised directly in other comprehensive income to the extent that the underlying gain or loss is recognised in other comprehensive income; otherwise the exchange difference is recognised in profit or loss.

M. Employee Benefits

Short-term employee benefits

Provision is made for the Group's obligation for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Group's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as part of current trade and other payables in the statement of financial position. The Group's obligations for employees' annual leave and long service leave entitlements are recognised as employee benefits in the statement of financial position.

Other long-term employee benefits

Provision is made for employees' long service leave and annual leave entitlements not expected to be settled wholly within 12 months after the end of the annual reporting period in which the employees render the related service. Other long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any re-measurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The Group's obligations for long-term employee benefits are presented as non-current employee benefits in its statement of financial position, except where the Group does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

For personal use only

NOTES TO THE FINANCIAL STATEMENTS (cont.)

For personal use only

N. Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits available on demand with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are reported within borrowings in current liabilities on the statement of financial position.

O. Revenue and Other Income

Revenue recognition

Revenue generated by the Group is categorised into the following reportable segments:

(i) Motorsport

- Sale of specialised motorsport accessories.
- Manufacture and sale of FIA accredited motorsport racing suits using our trademarked RPM branding which is recognised and associated with our Revolution Racegear retail outlets.

(ii) Repairs and Roadside.

- Commercial and industrial tyre and auto service centres .

(iii) Wheels and Tyres

- Distribution of wheels and tyres.

(iv) Performance and Accessories

- Manufacture, distribution and retail of specialised automotive accessories for the automotive original equipment and aftermarket.

The Group recognises revenue as follows:

Revenue is recognised at an amount that reflects the consideration to which the Group is expected to be entitled in exchange for transferring goods or services to their customers. For each contract with a customer, the Group:

- identifies the contract with a customer;
- identifies the performance obligations in the contract;

NOTES TO THE FINANCIAL STATEMENTS (cont.)

- determines the transaction price which takes into account estimates of variable consideration and the time value of money;
- allocates the transaction price to the separate performance obligations on the basis of the relative stand-alone selling price of each distinct good or service to be delivered; and
- recognises revenue when or as each performance obligation is satisfied in a manner that depicts the transfer to the customer of the goods or services promised.

Variable consideration within the transaction price if any, reflects concessions provided to the customer such as discounts, rebates and refunds and any other contingent events. Such estimates are determined using either the 'expected value' or 'most likely amount method'. The measurement of variable consideration is subject to a constraining principle whereby revenue will only be recognised to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur. The measurement constraint continues until the uncertainty associated with the variable consideration is subsequently resolved. Amounts received that are subject to the constraining principle are initially recognised as deferred revenue in the form of a separate refund liability.

For personal use only

NOTES TO THE FINANCIAL STATEMENTS (cont.)

For personal use only

Motorsport

Revenue from the sale of motorsports clothing, parts and accessories is recognised at the point in time when the buyer obtains control of the goods, which is generally at the point of time of purchase of the goods by the customer.

Repairs and Roadside

Repairs and Roadside service work on customer vehicles is carried out under instructions from the customer. Repairs and Roadside service is recognised over time based on either a fixed price or hourly rate. Revenue arising from the sale of parts fitted to customer vehicles during the Repairs and Roadside service is recognised at the point of time upon delivery of the fitted part to the customer upon completion of the service.

Revenue from retail sale and fitment of tyres on customer vehicles is carried out under instructions from the customer. Retail revenue is recognised over time based on either a fixed price or hourly rate. Revenue arising from the sale of parts fitted to customer vehicles during the retail sale and fitment service is recognised at the point of time upon delivery of the fitted part to the customer upon completion of the service.

Wheels and Tyres

Revenue from the wholesale of tyres is recognised at the point in time when the buyer obtains control of the goods, which is generally at the point of time of delivery of the goods.

Performance and Accessories

Revenue from accessories is recognised at the point of time when the buyer obtains control of the goods, which is generally at the time of delivery of the vehicle.

Commercial Rebates

Commercial rebates are recognised when the right to receive payment is established.

P. Trade and Other Payables

Trade and other payables represent the liabilities for goods and services received by the entity that remain unpaid at the end of the reporting period. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability. Trade and other payables are initially measured at fair value and subsequently measured at amortised cost using the effective interest method.

NOTES TO THE FINANCIAL STATEMENTS (cont.)

For personal use only

Q. Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of assets that necessarily take a substantial period of time to prepare for their intended use or sale are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

R. Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows included in receipts from customers or payments to suppliers.

S. Comparative Figures

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

T. Earnings per share

Basic earnings per share is calculated as net profit attributable to members of the parent, adjusted to exclude any costs of servicing equity (other than dividends) and preference share dividends, divided by the weighted average number of ordinary shares, adjusted for any bonus element.

Diluted earnings per share is calculated as net profit attributable to members of the parent, adjusted for:

- costs of servicing equity (other than dividends) and preference share dividends;
- the after tax effect of dividends and interest associated with dilutive potential ordinary shares that have been recognised as expenses; and
- other non-discretionary changes in revenues or expenses during the period that would result from the dilution of potential ordinary shares; divided by the weighted average number of ordinary shares and dilutive potential ordinary shares, adjusted for any bonus element.

NOTES TO THE FINANCIAL STATEMENTS (cont.)

For personal use only

U. Segment reporting

An operating segment is a component of the entity that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the entity's chief operating decision maker to make decisions about resources to be allocated to the segment and assess its performance and for which discrete financial information is available. Operating segments have been identified based on the information provided to the chief operating decision makers, being the executive management team.

V. Critical Accounting Estimates and Judgements

The directors evaluate estimates and judgements incorporated into the financial statements based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the Group.

Key estimates

(i) Impairment

The Group assesses impairment at the end of each reporting period by evaluating the conditions and events specific to the Group that may be indicative of impairment triggers for relevant assets. Recoverable amounts of relevant assets are reassessed using value-in-use calculations which incorporate various key assumptions.

(ii) Goodwill

Goodwill is assessed for impairment annually. Goodwill is allocated to cash generating units (CGU) according to management's expectations regarding which assets will be expected to benefit from the synergies arising from the business combination that gave rise to the goodwill. The recoverable amount of a CGU is based on value in use calculations. These calculations are based on projected cash flows approved by management. Management's determination of cash flow projections and gross margins are based on past performance and its expectations for the future. The present value of future cash flows has been calculated based on the key assumptions as disclosed in note 12 of the financial statements.

(iii) Inventories

Management has assessed the value of inventory which is likely to be sold below cost/written off in future periods. This analysis is based on past experience and judgement on the likely sell through rates of various lines of inventory. Based on management's analysis no provision has been deemed required at 30 June 2026.

NOTES TO THE FINANCIAL STATEMENTS (cont.)

For personal use only

W. Key judgements

(i) Performance obligations under AASB 15

To identify a performance obligation under AASB 15, the promise must be sufficiently specific to be able to determine when the obligation is satisfied. Management exercises judgement to determine whether the promise is sufficiently specific by taking into account any conditions specified in the arrangement, explicit or implicit, regarding the promised goods or services. In making this assessment, management includes the nature/ type, cost/ value, quantity and the period of transfer related to the goods or services promised.

(ii) Lease term and Option to Extend under AASB 16

The lease term is defined as the non-cancellable period of a lease together with both periods covered by an option to extend the lease if the lessee is reasonably certain to exercise that option; and also periods covered by an option to terminate the lease if the lessee is reasonably certain not to exercise that option. The decision on whether or not the options to extend are reasonably going to be exercised is a key management judgement that the entity will make. The Group determines the likeliness to exercise on a lease-by-lease basis looking at various factors such as which assets are strategic and which are key to future strategy of the entity.

X. New accounting standards and interpretations

New accounting standards and interpretations issued but not yet effective

Australian Accounting Standards and Interpretations that have recently been issued or amended but are not yet mandatory, have not been early adopted by the Company for the annual reporting period ended 30 June 2026. The Company's assessment of the impact of relevant new or amended Accounting Standards and Interpretations, most relevant to the Company is not material and have minimal impact on the financial statements.

Y. Profit or loss from discontinued operations

A discontinued operation is a component of the entity that either has been disposed of, or is classified as held for sale, and:

- represents a separate major line of business or geographical area of operations
- is part of a single coordinated plan to dispose of a separate major line of business or geographical area of operations; or
- is a subsidiary acquired exclusively with a view to resale

NOTES TO THE FINANCIAL STATEMENTS (cont.)

Profit or loss from discontinued operations, including prior year components of profit or loss, are presented in a single amount in the statement of profit or loss and other comprehensive income. This amount, which comprises the post-tax profit or loss of discontinued operations and the post-tax gain or loss resulting from the measurement and disposal of assets classified as held for sale (see also Note Z),

The disclosures for discontinued operations in the prior year relate to all operations that have been discontinued by the reporting date for the latest period presented.

Z. Non-current assets and liabilities classified as held for sale and discontinued operations

When the Group intends to sell a non-current asset or a group of assets (a disposal group), and if sale within 12 months is highly probable, the asset or disposal group is classified as 'held for sale' and presented separately in the statement of financial position. Liabilities are classified as 'held for sale' and presented as such in the statement of financial position if they are directly associated with a disposal group.

Assets classified as 'held for sale' are measured at the lower of their carrying amounts immediately prior to their classification as held for sale and their fair value less costs to sell. However, some 'held for sale' assets such as financial assets or deferred tax assets, continue to be measured in accordance with the Group's accounting policy for those assets. Once classified as 'held for sale', the assets are not subject to depreciation or amortisation.

Any profit or loss arising from the sale or re-measurement of discontinued operations is presented as part of a single line item, profit or loss from discontinued operations.

2. Business Combinations

There were no business acquisitions or business combinations completed by the Group during the financial year ended 30 June 2026.

(ii) Non-Cash Financing and Investing Activities

There were no non-cash financing or investing activities during the years ended 30 June 2026 or 30 June 2025

For personal use only

NOTES TO THE FINANCIAL STATEMENTS (cont.)

7. Trade and Other Receivables

	2026	2025
Current	**$**	**$**
Trade debtors	11,354,566	13,322,188
Less allowance for credit losses	(451,596)	(97,480)
Other current debtors	1,433,303	3,757,613
Total current	**12,336,273**	**16,982,321**
Non-current		
Deposits	446,326	439,101
Total non-current	**446,326**	**439,101**
Total trade and other receivables	**12,782,599**	**17,421,422**

To measure the expected credit losses, trade receivables have been grouped based on shared credit risk characteristics and the days past due. The loss allowance provision is determined based on weighted average expected losses as determined from management's assessment.

The following table shows the movement in lifetime expected credit loss that has been recognised for trade and other receivables in accordance with the simplified approach set out in AASB 9: Financial Instruments.

For personal use only

NOTES TO THE FINANCIAL STATEMENTS (cont.)

7. Trade and Other Receivables (cont.)

Lifetime Expected Credit Loss: Credit Impaired

		Opening balance	Net measure-ment of loss allowance	Amounts written off	Closing balance
			2025		
(i)	Current trade receivables	21,389	76,091	-	97,480
		21,389	**76,091**	**-**	**97,480**
			2026		
(i)	Current trade receivables	97,480	354,116	-	451,596
		97,480	**354,116**	**-**	**451,596**

Fair Value and Risk Exposures

(i) Due to the short term nature of these receivables, their carrying value is assumed to approximate their fair value.

As at 30 June 2026, an ageing analysis of those trade receivables are as follows:

	2026	2025
	$	$
Not overdue	3,968,828	3,398,535
1 – 30 Days	4,272,142	5,229,481
31 – 60 Days	1,011,753	2,753,327
60+ Days	2,101,843	1,940,845
	11,354,566	**13,322,188**

NOTES TO THE FINANCIAL STATEMENTS (cont.)

9. Right of use assets

The Group's lease portfolio includes premises in different locations. These leases have a term from 2 to 5 years including the option to extend.

Options to Extend or Terminate

The options to extend or terminate are contained in several of the property leases of the Group. These clauses provide the Group opportunities to manage leases in order to align with its strategies. All of the extension or termination options are only exercisable by the Group. The extension options or termination options which management were reasonably certain to be exercised have been included in the calculation of the lease liability.

(i) AASB 16 related amounts recognised in the statement of financial position:

Impairment considerations

At each reporting date, the group assesses if there are any indications that the asset may be impaired, and where an indicator exists, the group makes a formal estimate of the recoverable amount. Where the carrying value of the asset exceeds its estimated recoverable amount, the asset is considered impaired and is written down to the estimated recoverable amount.

Impairment Tests for Goodwill and Intangible Assets with Indefinite Lives

Goodwill represents the excess of purchase consideration over the fair value of net assets acquired in a business combination. Goodwill is carried at cost less accumulated impairment losses and is tested for impairment annually or more frequently, if events or changes in circumstances indicate it might be impaired. For the purpose of impairment testing, assets are grouped at the lowest levels for which there are largely independent cash flows and these are defined as cash generating units ("CGUs"). Goodwill is allocated to CGUs or groups of CGUs, expected to benefit from synergies of the business combination. Goodwill has been allocated for impairment testing purposes to ten individual CGUs across the four operating segments.

Operating Segment	Goodwill	%	Average (WACC)
Motorsport	467,689	1.38%	12.0%
Repairs and Roadside	11,640,166	34.41%	12.0%
Wheels and Tyres	7,705,824	22.78%	12.0%
Performance and Accessories	13,321,141	39.37%	12.0%
Unallocated	696,763	2.06%	12.0%
Total	**33,831,583**	**100.00%**	

The historical goodwill at 1 July 2021 relates to the historical business combinations that formed the RPM Automotive Group together with further business combinations since listing. This historical goodwill as well as additional goodwill arising from business combinations during FY2025 have been tested at year end and an impairment was necessary at 30 June 2026. The recoverable amount of goodwill is determined based on value-in-use calculations. Value-in use is calculated based on the present value of the cashflow projections over a five year period. The cash flows are discounted using the yield of a 5 year weighted average cost of capital (WACC) at the beginning of the period. Future cash flows were projected for each CGU, with key assumptions being CGU earnings which is based in future performance indicators of the CGU.

Key assumptions

The value-in-use calculation model is sensitive to the following inputs:

NOTES TO THE FINANCIAL STATEMENTS (cont.)

12. Intangible assets (cont.)

For personal use only

Discount rate

The discount rates used in the discounted cash flow model reflect the Group's estimate of the time value of money and risks specific to the CGU. Discount rates are based on the groups weighted average cost of capital (WACC), adjusted for market risk and specific risk factors.

The group engaged an external impairment testing specialist, Leadenhall, to provide an independent assessment report of the Group's goodwill position. The scope of the engagement was as follows:

Providing guidance on the use of their impairment testing tool and review of the final impairment testing model with a final report of comfort outlining their view on the reasonableness of the key assumptions.
Detailed discount rate report setting out their opinion of the appropriate discount rate to be applied to each of RPM's four divisions for impairment testing purposes.
To the extent required, review of RPM's impairment analysis of other intangibles assets (customer relationships, brands, patents etc.)

Projected cash flows

The projected cash flows are derived from FY2026 results and FY2027 to FY2031 based on a combination of historical and future performance indicators. This reflects the best estimate of the CGU projected cash flows at the time of this report, and projected cash flows can differ from the future actual cash flows and results of operations

Long term growth rate

A terminal growth rate of between 1.0% and 2.5% is used in perpetuity, based on the expected long range growth of the industry.

Sensitivity range for impairment testing assumptions

As at 30 June 2026, based on sensitivity testing of the discount rate between an average of 10%-20% an impairment arose as a result of goodwill impairment testing for the year ending 30 June 2026.

Customer relationships, designs, patents and trademarks

Patents, trademarks and customer relationships are recognised at cost of acquisition. Patents and trademarks have a finite life and are carried at cost less accumulated amortisation and any impairment losses. Intangible assets are amortised over the estimated useful life which range from 10 to 15 years. Management has determined that as at 30th June 2026 the current year's amortisation of customer relationships is 10 years and has been accounted for.

Banking covenants

The Group's banking facilities are subject to financial covenants. Following completion of the Group's financial results for the year ended 30 June 2026, certain financial covenants were identified as not having been met.

The Group maintained ongoing discussions with its financier regarding its financial performance and financing arrangements. Subsequent to year end, the financier provided a formal waiver and waived its right to take further action in relation to the identified covenant non-compliance on this occasion.

As a consequence of the covenant non-compliance at 30 June 2026, the Group's bank borrowings have been classified as current in accordance with applicable accounting standards. This classification reflects the accounting requirements at the reporting date and does not, of itself, reflect a change in the contractual maturity of the facilities.The Group continues to work constructively with its financier regarding its ongoing financing arrangements.

(d) Terms and conditions of contributed equity

Ordinary Shares:

Ordinary shares have the right to receive dividends as declared and, in the event of winding up the Company, to participate in the proceeds from the sale of all surplus assets in proportion to the number of and amounts paid up on shares held.

Ordinary shares entitle their holder to one vote, either in person or by proxy, at a meeting of the Company.

Capital Management

When managing capital, management's objective is to ensure the entity continues as a going concern as well as to maintain optimal returns to shareholders and benefits for other stakeholders. Management also aims to maintain a capital structure that ensures the lowest cost of capital available to the entity.

Management may in the future adjust the capital structure to take advantage of favourable costs of capital and issue further shares in the market. Management has no current plans to adjust the capital structure other than as disclosed in the financial statements.

The main risks arising from the Group's financial instruments are interest rate risk, liquidity risk, credit risk and foreign currency risk. The Board reviews and agrees on policies for managing each of these risks and they are summarised below.

Interest Rate Risk

At balance date the Group's exposure to market risk for changes in interest rates relates primarily to the Company's short-term cash deposits and bank borrowings. The Group constantly analyses its exposure to interest rates, with consideration given to potential renewal of existing positions, the mix of fixed and variable interest rates and the period to which deposits may be fixed.
At balance date, the Group had the following financial assets exposed to variable interest rates that are not designated in cash flow hedges:

	Consolidated Group	
	2026	2025
	$	$
Cash and cash equivalents held in interest-bearing accounts	7,190,121	6,716,060
Bank borrowings	(32,259,038)	(33,478,582)
Net exposure	**(25,068,917)**	**(26,762,522)**

For personal use only

NOTES TO THE FINANCIAL STATEMENTS (cont.)

25. Financial Risk Management Objectives and Policies (cont.)

The following sensitivity analysis is based on the interest rate risk exposures in existence at the reporting date. The 1.0% sensitivity is based on reasonably possible changes, over a financial year, using an observed range of historical bank interest rate movements over the last three years.

At 30 June 2026, if interest rates had moved as illustrated in the table below, with all other variables held constant, post tax profit and equity relating to financial assets of the Group would have been affected as follows:

	Consolidated Group	
	2026	2025
	$	$
Judgements of reasonably possible movements:		
Post tax profit and equity - higher / (lower)		
1.00%	3,468	213,397
-1.00%	(3,468)	(213,397)

Liquidity Risk

The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of its cash and funding requirements.

The table below reflects all contractually fixed pay-offs, repayments and interest resulting from recognised financial liabilities as of 30 June 2026. These amounts represent contractual undiscounted cash flows.

The contractual maturities of the Group's total reported financial liabilities are:

	Consolidated Group	
	2026	2025
	$	$
Within one year	28,703,197	15,483,944
Within one to five years	3,555,841	17,994,638

The contractual maturities of the Group's total undiscounted lease liabilities are:

	Consolidated Group	
	2026	2025
	$	$
Within six months	1,290,013	1,403,323
Within one year	1,290,013	1,403,323
Within one to five years	8,331,089	8,975,823

For personal use only

NOTES TO THE FINANCIAL STATEMENTS (cont.)

25. Financial Risk Management Objectives and Policies (cont.)

Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted the policy of dealing with creditworthy counterparties and obtaining sufficient collateral or other security where appropriate, as a means of mitigating the risk of financial loss from defaults. The Company measures credit risk on a fair value basis.

The maximum exposure to credit risk, excluding the value of any collateral or other security held, is equivalent to the carrying amount (net of any allowance for expected credit losses) as presented in the statement of financial position and notes to the financial statements.

Cash is primarily deposited only with Australian banks. The Company does not have any other significant credit risk exposure to a single counterparty or any group of counterparties having similar characteristics.

Foreign Currency Risk

The Group manages its foreign exchange risk by constantly reviewing its exposure to commitments payable and ensuring cash balances are maintained in appropriate currencies to meet operational commitments. The Group has limited exposure to foreign currency risk.

No reasonable movement in the Australian Dollar (AUD) rates (for example 10% up or down) used to determine the fair value of the Group's financial assets/liabilities would result in a significant impact on profit or equity.

Fair Value

The methods of estimating fair value are outlined in the relevant notes to the financial statements.

For personal use only

NOTES TO THE FINANCIAL STATEMENTS (cont.)

26. Operating Segments

The Group's operating segments represent strategic business units that offer different products and services within the automotive aftermarket. The operating segments are consistent with the information reviewed by the Chief Operating Decision Maker (CODM) in assessing performance and making decisions regarding the allocation of resources.

Segment performance is assessed primarily based on EBIT (Earnings Before Interest and Tax) and EBITDA (Earnings Before Interest, Tax, Depreciation and Amortisation). These measures differ from the consolidated profit or loss reported in the financial statements, which includes net finance costs and income tax expense. Financing and taxation decisions are managed at Group level and are therefore not allocated to individual operating segments.

The Group's assets and liabilities are predominantly managed at Group level rather than by individual operating segment. Accordingly, the segment information presented reflects the Group's management and reporting structure, with assets and liabilities that are not specifically attributable to an operating segment presented at Group level. The total segment information is reconciled to the corresponding amounts reported in the consolidated financial statements.

DIRECTORS' DECLARATION

1. In the opinion of the Directors:

a) The financial statements and notes and the Remuneration report included in the Directors' Report designated as audited, are in accordance with the Corporations Act 2001, including:

i) giving a true and fair view of the consolidated entity's financial position as at 30 June 2026 and of its performance for the year ended on that date; and

ii) complying with Accounting Standards and the Corporations Regulations 2001; and

b) the financial statements and notes thereto are in accordance with International Financial Reporting Standards issued by the International Accounting Standards Board, as disclosed in note 1; and

c) there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

d) the consolidated entity disclosure statement on page 78 is true and correct

2. This declaration has been made after receiving the declarations required to be made to the directors in accordance with Section 295A of the Corporations Act 2001 for the financial year ended 30 June 2026.

Signed in accordance with a resolution of directors made pursuant to section 295(5)(a) of the Corporations Act 2001.

Auditor's Independence Declaration under section 307C of the Corporations Act 2001

To the Board of Directors of RPM Automotive Group Limited

As lead auditor for the audit of the financial statements of RPM Automotive Group Limited for the financial year ended 30 June 2026, I declare that to the best of my knowledge and belief, there have been no contraventions of:

(a) the auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and

(b) any applicable code of professional conduct in relation to the audit.

Independent Auditor's Report to the Members of RPM Automotive Group Limited

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of RPM Automotive Group Limited (the Company and its subsidiaries (the Group)), which comprises the consolidated statement of financial position as at 30 June 2026, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information, the consolidated entity disclosure statement and the directors' declaration.

In our opinion, the accompanying financial report of the Group is in accordance with the *Corporations Act 2001*, including:

(i) giving a true and fair view of the Group's financial position as at 30 June 2026 and of its performance for the year then ended; and

(ii) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional & Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Group, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current period. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Advisory. Tax. Audit.

Nexia Australia

Key audit matter	How our audit addressed the key audit matter
Impairment assessment of Goodwill ***Refer to note 12*** **Goodwill is a significant balance in the Group's statement of financial position and is tested annually for impairment. The assessment of the recoverable amount of the relevant cash-generating units involves significant management judgement, particularly in relation to forecast cash flows, growth rates and discount rates. Due to the magnitude of the goodwill balance and the level of judgement involved in estimating recoverable amounts, we considered this to be a key audit matter.**	Our procedures included, amongst others: • Evaluating whether the cash flow forecasts used in the recoverable amount calculations were consistent with management's approved business plans covering the period 2027 to 2030. • Assessing the reasonableness of forecast growth rates by comparing them to historical performance, management's budgets and external market data. • Evaluating the appropriateness of key assumptions used in the impairment model, including discount rates, by reference to observable market information and the results of independent assessments. • Performing sensitivity analyses over key assumptions to assess the extent of changes required before the carrying amounts exceeded their recoverable amounts and evaluating the resulting headroom available. • Assessing whether the disclosures in Note 12 appropriately described the key assumptions, judgements and estimation uncertainty associated with the impairment assessment.

Other Information

The directors are responsible for the other information. The other information comprises the information in the Group's annual report for the year ended 30 June 2026 but does not include the financial report and the auditor's report thereon.

Our opinion on the financial report does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of the other information we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of:

a) the financial report (other than the consolidated entity disclosure statement) that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001*; and
b) the consolidated entity disclosure statement that is true and correct in accordance with the *Corporations Act 2001*, and

INDEPENDENT AUDIT REPORT (cont.)

For personal use only

Nexia Australia

for such internal control as the directors determine is necessary to enable the preparation of:

i) the financial (other than the consolidated entity disclosure statement) report that gives a true and fair view and is free from material misstatement, whether due to fraud or error; and
ii) the consolidated entity disclosure statement that is true and correct and is free of misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the Group financial report. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

INDEPENDENT AUDIT REPORT (cont.)

For personal use only

Nexia Australia

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial report of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on the Remuneration Report

Opinion on the Remuneration Report

We have audited the Remuneration Report included in pages 15 to 20 of the Directors' Report for the year ended 30 June 2026.

In our opinion, the Remuneration Report of RPM Automotive Group Limited for the year ended 30 June 2026 complies with section 300A of the *Corporations Act 2001*.

Responsibilities

The directors of the Group are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.
